Gold King Mine Deployment Guide August 2015.doc

Hi Christine,

The attached deployment package was sent to one of our OSC's this morning. I wanted to check with you as it conflicts with the national guidance. This deployment package states that travel and timekeeping will be charged to R8. Based on the national guidance sent out late last week about charging this response, I understood that we (regions) are responsible for travel costs and timekeeping should go to the home office for the base hours with OT going against R8. I just want to confirm which process is correct. Let me know if you have any questions.

Sharon, please process TA for my deployment to Durango for Gold King Mine response. Depart Wednesday 8/19 return 9/4. Will need rental car – does not have to be 4WD. Accounting string and recommended hotel are in the attached deployment guide.

Also, need to cancel my trip to Pocatello next week. Thanks,

Greg Weigel
